TECHNICAL SPECIFICATIONS

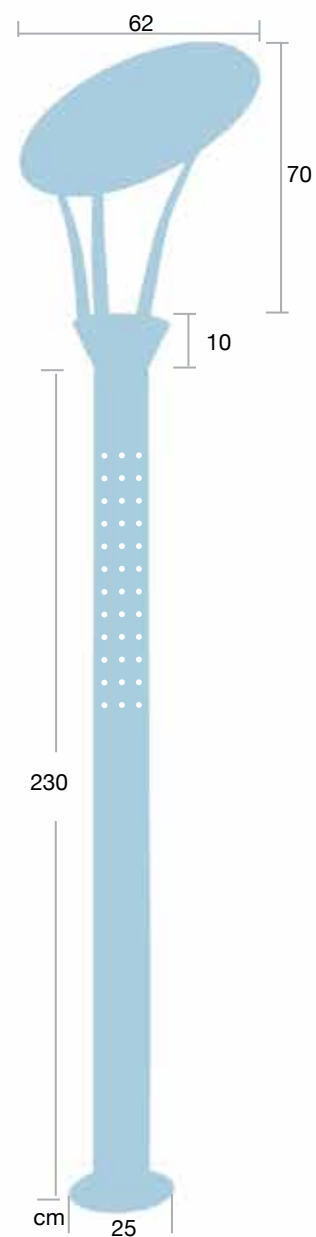

- The lighting posts consist of cast aluminium parts being: the base, the arms and the top cover.
- Adapted constructions of 7 meters maximum total height are feasible upon request.
- The connecting parts as well as the grooved part consist of aluminium profile.
- Standard Colours: Green Raffaello, Grey Raffaello, Anthracite, White, Black.
- The lanterns as well as the other types of lights, are also made of cast aluminium.
- Electrostatic coating is used of 50-70 micros.
- The material used for casting is an aluminium alloy AL Si 12.
- The lighting posts cannot undergo any electrolysis or deterioration.
- Both the aluminium used and the finishing are suitable for outdoor use and are guaranteed to be maintenance free.
- ALUMINCO lighting posts, after having passed the necessary tests, have obtained the BUREAU VERITAS QUALITY CERTIFICATE.
